

WHY PRECAST CONCRETE?

Find out at the CPCA Lunch and Learn

The California Precast Concrete Association presents precast concrete education Lunch and Learn program.

Why attend:

- Witness construction and have an hands-on experience with precast concrete construction.
- Learn how precast concrete is produced, how strength is developed and how quality is controlled.
- Experts will be available for questions in this no-sales, learning environment.
- All local Contractors, Designers, Developers, Caltrans and Municipal Agencies are welcome.
